Built-in design with cutout dimensions provided

SAFETY

Leakage sensor shuts off water flow automatically

Who It Is For

- ✓ Kitchens with limited counter space
- ✓ Users needing 8 place setting capacity
- ✓ Those prioritizing quiet operation
- ✓ Homeowners replacing trash compactors

Who It Is Not For

- ✗ Users requiring more than 8 place settings
- ✗ Those needing advanced cycle options
- ✗ Commercial kitchen operations
- ✗ Spaces without proper cutout dimensions

Trade Offs to Consider

- Smaller footprint than standard models
- Fewer cycle options than high-end models
- Heavier weight may affect installation
- Higher energy consumption compared to compact units

How It Compares

- Smaller footprint than standard built-in dishwashers
- Fewer cycle options than premium models
- Similar noise level to compact units
- Comparable safety features to industry standards

Choose This If...

- ✓ Need 8 place setting capacity
- ✓ Prioritize quiet operation
- ✓ Have proper cutout dimensions
- ✓ Want built-in safety features

Skip This If...

- ✗ Require more than 8 place settings
- ✗ Need advanced cycle options
- ✗ Have space constraints
- ✗ Looking for lower energy consumption
