8 programs including Eco and Fast 50

MATERIAL

Stainless steel and glass construction

DIMENSIONS

22.4"D x 23.5"W x 32.3"H footprint

ENERGY EFFICIENCY

Water-efficient with micro-filter system

SPECIAL FEATURES

Wine glass rack and half-load option

Who It Is For

-  Small families with 4-6 members
-  Users needing adjustable racks
-  Those requiring wine glass protection
-  Space-constrained kitchens
-  Noise-sensitive environments
-  Users prioritizing multiple wash cycles

Who It Is Not For

-  Large families over 6 members
-  Users without space for adjustable racks
-  Those without wine glass needs
-  Preference for ultra-quiet operation
-  Users wanting fewer wash options
-  Non-stainless steel material seekers

Trade Offs to Consider

-  Higher weight (39 kg) vs. larger capacity
-  More wash cycles vs. slightly louder operation
-  Stainless steel durability vs. higher cost
-  Adjustable racks vs. simpler loading
-  Water efficiency vs. faster cycles
-  Built-in design vs. portable flexibility

How It Compares

- Compare capacity vs. compact design
- Evaluate noise level vs. wash options
- Assess stainless steel vs. other finishes
- Check adjustable racks vs. fixed systems
- Weigh energy efficiency vs. speed
- Compare built-in vs. portable models

Choose This If...

- ✓ Need 14 place setting capacity
- ✓ Require adjustable rack customization
- ✓ Prioritize quiet operation
- ✓ Want multiple wash cycle options
- ✓ Seek stainless steel durability
- ✓ Need wine glass protection

Skip This If...

- ✗ Require more than 14 place settings
- ✗ Don't need adjustable rack features
- ✗ Preference for ultra-quiet models
- ✗ Want fewer wash cycle options
- ✗ Prefer non-stainless finishes
- ✗ Don't need wine glass rack
