**FIT**

Works with granite, quartz, and other surfaces

## Who It Is For

---

- ✓ Installers needing secure dishwasher mounting
- ✓ Contractors avoiding countertop damage
- ✓ Professionals requiring one-time installation
- ✓ Users saving time on return trips

## Who It Is Not For

---

- ✗ DIY users needing side-mounted anchors
- ✗ Installers with limited countertop access
- ✗ Users requiring permanent installation
- ✗ Those needing brand-specific mounting

## Trade Offs to Consider

---

- Requires pre-installation planning for optimal placement
- Limited compatibility with non-standard dishwasher sizes
- Does not include mounting hardware for all setups
- May need additional tools for complex installations

## How It Compares

---

- Avoids return trips for countertop installers
- Prevents damage to cabinetry compared to side anchors
- Simplifies installation under various surfaces
- Reduces time spent on anchoring adjustments

## Choose This If...

---

- ✓ Need secure dishwasher mounting without damaging countertops
- ✓ Want to avoid return trips for installation
- ✓ Require one-time setup for multiple dishwasher types
- ✓ Prefer USA-made durable hardware

## Skip This If...

---

- ✗ Need side-mounted anchor solutions
- ✗ Require brand-specific mounting hardware
- ✗ Have limited countertop installation access
- ✗ Need permanent installation options
