 **SPECIAL FEATURES**
Built-in water tank portability

Who It Is For

- ✓ No access to kitchen sink
- ✓ Small apartments or RVs
- ✓ Need for portable cleaning
- ✓ Energy-conscious users

Who It Is Not For

- ✗ Large families needing high capacity
- ✗ Users with existing kitchen sink setups
- ✗ Those requiring faster cycle times
- ✗ Commercial kitchen operations

Trade Offs to Consider

- Slower than standard models
- Limited drying time compared to full-size units
- Requires manual water refilling
- Smaller capacity than built-in units

How It Compares

- Portable vs. built-in installation
- Energy-efficient vs. traditional models
- Compact size vs. full capacity
- Manual water refilling vs. plumbed systems

Choose This If...

- ✓ Need portable dishwashing solution
- ✓ No permanent installation required
- ✓ Looking for energy-efficient option
- ✓ Live in small space or RV

Skip This If...

- ✗ Require high capacity washing
- ✗ Need faster cycle times
- ✗ Have existing kitchen sink setup
- ✗ Commercial kitchen requirements
