## Who It Is For

-  Users with limited countertop space
-  RV owners needing compact washing
-  Apartment dwellers without plumbing
-  Families with 4 place settings
-  Those avoiding permanent installations
-  Users prioritizing water efficiency

## Who It Is Not For

-  Large households with 10+ plates
-  Users requiring 24/7 hot water
-  Those needing built-in unit integration
-  People with limited vertical space
-  Users prioritizing energy efficiency over portability

## Trade Offs to Consider

---

- Limited capacity vs full-size models
- Higher energy use per cycle
- No automatic dish loading
- Requires manual water refilling
- Smaller drying area than commercial units
- Less durable materials than stainless steel

## How It Compares

---

- Portable vs built-in dishwasher
- Water-efficient vs traditional models
- Compact design vs full-size capacity
- Touch controls vs physical buttons
- Built-in tank vs hose connection
- Single drying cycle vs multiple options

## Choose This If...

---

- ✓ Need compact, portable dishwashing
- ✓ Want water-efficient solution
- ✓ Have limited installation options
- ✓ Prioritize drying functionality
- ✓ Seek easy setup for small spaces

## ✗ Skip This If...

---

- ✗ Require large capacity washing
- ✗ Need continuous hot water supply
- ✗ Have dedicated kitchen space
- ✗ Prioritize energy efficiency
- ✗ Want automatic dish loading
