

MAREKINEKO WD01X27759 Dishwasher Mounting Bracket

QUICK BUYER GUIDE

Homeowners needing GE dishwasher bracket replacements

At a Glance Specs

COMPATIBILITY

Fits GE/Hotpoint dishwashers and countertops

MATERIAL

304 stainless steel with galvanized coating

INSTALLATION

DIY-friendly with pre-drilled holes

DIMENSIONS

3.34 x 0.99 x 0.52 inches

WEIGHT

1.44 ounces per bracket

PACKAGE

Includes 2 brackets and 4 screws

Who It Is For

-  Owners of GE dishwasher models
CDT8/GDF4/GDT5/HDF3
-  DIY installers without professional tools
-  Users prioritizing corrosion-resistant materials
-  Those needing countertop mounting solutions
-  Replacement bracket seekers for multiple units
-  Homeowners with unfinished finish preferences

Who It Is Not For

-  Owners of non-GE compatible dishwasher models
-  Users requiring plastic or aluminum brackets
-  Professionals needing industrial-grade hardware
-  Those needing single-unit installations
-  Customers with pre-drilled mounting holes
-  Individuals avoiding stainless steel finishes

Trade Offs to Consider

-  Higher material cost vs. cheaper alternatives
-  Limited model compatibility vs. universal brackets
-  Installation time vs. professional installation
-  Stainless steel durability vs. lightweight options
-  Two-pack convenience vs. single-unit purchases
-  Unfinished finish vs. polished alternatives

How It Compares

- Broader model compatibility vs. single-model brackets
- Corrosion resistance vs. basic steel alternatives
- Pre-drilled holes vs. manual drilling requirements
- Two-pack value vs. single-unit pricing
- Stainless steel durability vs. plastic brackets
- DIY-friendly design vs. professional installation

Choose This If...

- ✓ Your dishwasher matches listed compatible models
- ✓ You prefer stainless steel corrosion resistance
- ✓ DIY installation is your preferred method
- ✓ You need multiple brackets for installation
- ✓ Unfinished finish meets your aesthetic needs

Skip This If...

- ✗ Your dishwasher model isn't listed as compatible
- ✗ You require a different material type
- ✗ Professional installation is necessary
- ✗ Single-unit purchase is preferred
- ✗ Polished finish is required
