

Midea MDF18A1AST Built-in Dishwasher with 8 Place Settings and 6 Programs

QUICK BUYER GUIDE

Ideal for small kitchens needing efficient, energy-saving dishwashing with 8 place settings and 6 wash programs

At a Glance Specs

CAPACITY

Fits 8 place settings with adjustable legs

ENERGY EFFICIENCY

Energy Star 7.0 certified with 234 kWh/year use

NOISE LEVEL

Operates at 52 decibels for quiet performance

WASHING PROGRAMS

6 modes including Heavy, Normal, and Sanitize

DRYING

Heated dry function with no additional towel use

INSTALLATION

Under counter design with 22.6" depth for compact spaces

WATER USAGE

15.5 gallons per hour for efficient cleaning

Who It Is For

-  Users with limited kitchen space
-  Those prioritizing energy efficiency
-  Families needing 8 place setting capacity
-  Individuals requiring quiet operation

Who It Is Not For

-  Large households with 10+ place settings
-  Users needing extra drying power
-  Those requiring advanced smart controls
-  Commercial kitchen operations

Trade Offs to Consider

- Smaller capacity compared to full-sized models
- No built-in tablet or app integration
- Requires special detergent for optimal performance
- Higher water usage than some competitors

How It Compares

- Smaller footprint than standard built-ins
- Less energy-efficient than top-tier models
- Fewer drying options than premium washers
- Simpler control panel vs. smart features

Choose This If...

- ✓ You need energy-efficient dishwashing
- ✓ Your kitchen has limited counter space
- ✓ You require 8 place setting capacity
- ✓ Quiet operation is a priority

✗ Skip This If...

- ✗ You need more than 8 place settings
- ✗ You prioritize advanced smart controls
- ✗ You require higher drying power
- ✗ You need a full-sized dishwasher
